

Top Choice for Professionals

Variety and Quality in Every Set

Our CAT cable sets offer an incredible variety: 4 categories, 4 lengths and 10 different colours - all available in sets of 5 and 10.

The handy sets from Goobay transmit signals in maximum quality at extreme speed and ensure a stable connection. High-quality inner conductors, robust cable sheathing and precisely fitting plugs distinguish our connection cables and plugs. Ideal for electricians who value reliable quality.

Goobay

CAT 6 Patch Cable S/FTP (PiMF)

copper conductor (CU), halogen-free cable sheath (LSZH)

- Prewired, double-shielded LAN cable with RJ45 plugs for connecting network components
- CAT 6 internet cable suitable for 10 Gigabit Ethernet 10BASE-T, 100BASE-TX, 1000BASE-T, 10/100/1000/10000 Mbit/s
- S/FTP overall shield: aluminium foil shield for individual wire pairs (PiMF) and aluminium braid shield for the cable sheath
- High-quality copper conductor (CU) and gold-plated contacts guarantee an excellent, powerful network connection.
- Bend protection and a sturdy jacket effectively protect the network cable from breakage.
- Latch protection on the RJ45 connector prevents the latch from snagging or breaking off, helping to provide a reliable internet connection.
- Ethernet cable is CAT 6 tested and suitable for Power over Ethernet (PoE, PoE+).

CAT 6 Patch Cable S/FTP (PiMF), Set in 10 Colours

copper conductor (CU), halogen-free cable sheath (LSZH)

- Prewired, double-shielded LAN cable with RJ45 plugs for connecting network components
- CAT 6 internet cable suitable for 10 Gigabit Ethernet 10BASE-T, 100BASE-TX, 1000BASE-T, 10/100/1000/10000 Mbit/s
- S/FTP overall shield: aluminium foil shield for individual wire pairs (PiMF) and aluminium braid shield for the cable sheath
- High-quality copper conductor (CU) and gold-plated contacts guarantee an excellent, powerful network connection.
- Bend protection and a sturdy jacket effectively protect the network cable from breakage.
- Latch protection on the RJ45 connector prevents the latch from snagging or breaking off, helping to provide a reliable internet connection.
- Ethernet cable is CAT 6 tested and suitable for Power over Ethernet (PoE, PoE+).

CAT 6A Patch Cable S/FTP (PiMF)

copper conductor (CU), halogen-free cable sheath (LSZH)

- Double-shielded LAN cable with 2x RJ45 plugs for connecting network components
- CAT 6A internet cable suitable for 10 Gigabit Ethernet 10BASE-T, 100BASE-TX, 1000BASE-T, 10/100/1000/10000 Mbit/s
- S/FTP overall shield: aluminium foil shield for individual wire pairs (PiMF) and aluminium braid shield for the cable sheath
- High-quality copper conductor (CU) and 3µ gold-plated contacts guarantee an excellent, powerful network connection.
- Bend protection and a sturdy jacket effectively protect the Ethernet cable from breakage.
- Latch protection on RJ45 plugs prevents the latch from snagging or breaking off, helping to provide a reliable internet connection.
- Network cable is CAT 6A tested (incl. test report) and suitable for Power over Ethernet (PoE,PoE+).

RJ45 Patch Cord CAT 6A S/FTP (PiMF), 500 MHz, with CAT 7 Raw Cable

LSZH halogen-free cable sheath, RJ45 plug (CAT6A), CU

- Prewired, double-shielded LAN cable (CAT 7 with 600 MHz) with RJ45 connectors (CAT 6A with 500 MHz) for connecting network components
- High-speed network cable especially for game consoles with high-resolution picture (8K @ 60 Hz and 4K @ 120 Hz) such as Sony PlayStation 5 or Microsoft Xbox X
- S/FTP overall shield: aluminium foil shield for individual wire pairs (PiMF) and aluminium braid shield for the cable sheath
- High-quality copper conductor (CU) and 50µ gold-plated contacts guarantee an excellent, powerful network connection.
- Latch protection on the RJ45 connector prevents the latch from snagging or breaking off, helping to provide a reliable internet connection.
- Bend protection and a sturdy jacket effectively protect the Ethernet cable from breakage.
- CAT 7 cable is suitable for Power over Ethernet (PoE, PoE+) and 10 Gigabit Ethernet with speeds of up to 10/100/1000/10000 Mbit/s.

* GHMT-certified for a transmission distance of 1x 24 m installation cable plus 2x 3 m patch cord in a 2-connector channel (8.1 Standard Class I with an operating frequency of up to 2 GHz)

Goobay

GHMT-certified CAT 8.1 Patch Cord, S/FTP

copper conductor, LSZH halogen-free cable sheath

- The 1 m LAN cable supports 25GBase-T and 40GBase-T Ethernet networks (40-gigabit capable) and is backwards compatible with 10BASE-T, 100BASE-TX and 1000BASE-T.
- With a transmission bandwidth of up to 2,000 MHz, the Ethernet cable has 4 times the bandwidth of a CAT 6A cable.
- GHMT-certified for a transmission distance of 1x 24 m installation cable plus 2x 3 m patch cord in a 2-connector channel (8.1 Standard Class I with an operating frequency of up to 2 GHz)
- S/FTP overall shield: aluminium foil shield for individual wire pairs (PiMF) and aluminium braid shield for the cable sheath
- Assembled on both ends with RJ45 connectors (8P8C) with 50 µm gold-plated contact surfaces and latch protection.
- CAT 8 LAN cable is suitable for Power over Ethernet (PoE, PoE+, UPoE, 4PPoE) and HDBaseT.
- Low-smoke and halogen-free LSZH cable sheath

GHMT certification for a high quality standard

The transmission properties of the patch cables (0.5 - 3.0 metres) were tested in the 2-connector channel over a predefined transmission distance of 24 m in accordance with the specifications for Class I up to 2 GHz according to ANSI/TIA-568.2-D. In our shop you will also find GHMT-certified keystone modules and installation cables (up to 100 m) for a perfectly functioning CAT 8.1 cabling route.
