Lightning USB-A Supersoft Textile Cable with Metal Plugs

extra-robust, MFi-certified charging and syncing cable for Apple iPhone/iPad

Features

Strong protection combined with full power: Thanks to its highly flexible silicone and textile cover, the Lightning cable defies all the rigours of everyday life and when travelling. With this 60-W fast charger, cable breakage and energy shortages are a thing of the past.

Robust charging and data cable with a textile-coated silicone sheath for maximum flexibility and effective protection against cable breakage

The iPhone charger cable provides super-fast charging with max. 60 W and high-speed data transfer at up to 480 Mbit/s

The MFi-certified USB cable with Apple Lightning connector charges iOS devices such as Apple iPhone, iPad, iPod or AirPods

The reinforced metal connectors with kink protection are designed for over 10,000 bending cycles, making the Lightning cable extremely durable

The braided textile cover of the Goobay USB-A charging cable is pleasant to the touch and gentle on sensitive surfaces

USB-C™ Cable with Textile Sheath, USB4™, 240 W, 40 Gbit/s, Power Delivery

USB-C™ connector > USB-C™ connector

Features

240 W, made possible by Power Delivery (EPR), turn the USB cable into the key power supply for high-performance laptops, docking stations and other energy-intensive multimedia devices

Up to 40 Gbit/s ensure lightning-fast data transfer - making the USB-C™ cable 8x faster than USB 3.0 and perfect for NVMe hard drives, HD movies, series, music and photos

The cable supports ultra-high resolutions of up to 8K @ 60 Hz/ 4K @ 120 Hz on single monitors and 4K @ 60 Hz when the signal is split between two monitors via a hub

Perfect for streaming HD videos to external monitors, TVs or projectors, e.g. from smartphones, notebooks, tablets and other host devices

The most flexible USB cable to date: Enables data tunneling from DisplayPort™ 2.1 and PCIe™ 4.0 and can be connected directly to ports with Thunderbolt™ 4 or Thunderbolt 3™

Supports USB-C™ ports with DisplayPort™ Alt Mode for high-definition video transfers and is backwards compatible with USB 3.2, 3.1 and 3.0 (USB-C™)

USB4™ is compatible with high-end gaming components, e.g. the Razer Blade 18, Corsair Voyager, Apple Studio Display or AMD Ryzen processors (Zen 3+, Zen 5)

USB 3.0 Hard Drive Adapter for IDE and SATA

adapter set for HDD and SSD hard drives, CD drives and DVD drives, incl. power supply unit and connection cable

Features

Compact adapter for connecting an IDE, EIDE or SATA hard drive to a PC via USB

Easily connect built-in hard disks to host devices via USB-A - without the need to mount them in a desktop PC or hard drive enclosure

The SATA USB adapter is perfect for data backup, data recovery or for testing hard drives and CD/DVD drives

With the adapter, connected SSD hard drives achieve a data transfer rate of up to 248.5 Mbit/s

Integrated status LEDs indicate the power supply and data activity of the respective ports

Incl. USB 3.0 type A to type B cable for a data rate of up to 5 Gbit/s, backwards compatible with USB 2.0

Incl. 12 V power supply unit for external power supply and Molex cable for connecting IDE/SATA drives (2.5 inch and 3.5 inch)

Availability	Item no.	EAN	RRP	Pcs./master carton	Pcs./PU	Length	Width	Height	Weight
● exp. from WEEK 44	72013	4040849720130	34.99 €	40	1	16.50 cm	13.00 cm	5.50 cm	0.275 kg

Tracker eTag, Compatible with Apple's Find My

luggage and key finder for the Find My app, in matt white design

Features

Controlled via iPhone, iPad or Mac, the tracking device reliably helps you to locate personal items – attached to your luggage, keys or wallet, as well as your car or bike

For an increased sense of security: Placed in clothing or a rucksack, the eTag itself tracks the location of children, family or friends

Also handy for locating pets such as dogs or cats – simply attach the mini tracker to the collar

Reliable and convenient: Exclusively compatible with the Find My location app from Apple, which precisely determines the location of the eTag via Bluetooth

If the tag is within range, the tracker's ringtone can optionally be triggered via the app

With its compact size of 37 x 9 mm and feather-light weight of 9 g, the car tracker is barely larger than the Apple AirTag and just as light

Includes red silicone tag and metal ring, powered by CR2032 button cell (included, replaceable)

Availability	Item no.	EAN	RRP	Pcs./master carton	Pcs./PU	Length	Width	Height	Weight
● available	74792	7640166329251	19.90 €	80	1	9.50 cm	8.50 cm	3.50 cm	0.084 kg

Wireless Audio Adapter

Bluetooth adapter with 2x 3.5 mm jack plugs:
1x mono, 1x stereo

Features

2in1 adapter for connecting Bluetooth headphones to aeroplane audio, TVs, laptops, portable games consoles, fitness devices, etc.

Perfect for enjoying in-flight entertainment (IFE) via your own headphones or earphones on the plane - easily and completely wirelessly

Full flexibility: Depending on the plane setup, one or two of the jack plugs are folded out and connected to the audio output of the IFE

With a runtime of up to 20 hours per charge, the battery even offers enough power for long-haul flights (capacity: 270 mAh)

High compatibility: the in/out switch switches from receive to transmit, e.g. to send audio signals from the smartphone to the car radio or Bluetooth speakers

The compact format of 42 x 42 x 14.6 mm makes the Bluetooth adapter the perfect travelling companion and fits in any pocket

1x USB-C™ input for charging the adapter (charging cable USB-C™ to USB-A included)

Availability	Item no.	EAN	RRP	Pcs./master carton	Pcs./PU	Length	Width	Height	Weight
● available	74794	7640166327738	49.90 €	20	1	9.50 cm	8.50 cm	3.50 cm	0.102 kg

Power Bank Reload 20 PD

65 W | 100 W

handy, portable charger with Power Delivery and Quick Charge for fast charging mode

Features

Ideal for charging 3x powerful devices in parallel via 2x USB-C™ and 1x USB-A with up to 65 W | 100 W, e.g. laptop, smartphone, tablet or headphones such as Apple AirPods

Power Delivery (USB-C™) and Quick Charge (USB-A) enable up to 4x faster charging of the power bank and connected devices compared to conventional power banks

With an excellent output of 65 W | 100 W, the USB-C™ power bank is the perfect companion for mobile life, on the go and when travelling

The status display with four LEDs reliably indicates the charging status of the USB power bank

Recharging takes place via the combined USB-C™ input/output, e.g. by connecting to a USB charger or laptop (USB-C™ cable included, 30 cm)

The universal USB ports make it suitable for devices from many manufacturers, e.g. Samsung Galaxy, Xiaomi, Lenovo or Huawei as well as for Apple iPhone or iPad with adapter cable

Availability		Item no.	EAN	RRP	Pcs./master carton	Pcs./PU	Length	Width	Height	Weight

Power Stand 18.5 W, 5000 mAh

portable charger and smartphone stand combined into one

Features

Mini power bank that charges in fast charging mode with up to 18.5 W (USB Power Delivery) and also serves as a smartphone stand

Perfect for parallel charging and video calls, music or film entertainment on the smartphone - completely flexible in portrait or landscape format

Wireless travelling: the integrated USB-C™ plug connects smartphones, tablets or earphones such as the Apple AirPods directly to the power bank

Compact and lightweight, the USB power bank is the perfect travel essential and fits in any bag

With 5000 mAh, the power bank offers enough capacity to fully charge a smartphone or tablet once

The power bank is charged via the integrated USB-C™ plug (Power Delivery), e.g. via USB charger, or via the USB-C™ port (charging cable USB-C™ to USB-A included, 30 cm)

Compatible with USB-C™ devices and smartphones from popular manufacturers, e.g. Apple iPhone 15, Samsung Galaxy, Xiaomi, Huawei or Google

Travel Adapter MUV USB AC PD

45 W | 65 W, 1x USB-C™ and 1x USB-A charger plus international mains plugs for unearthed, 2-pin devices

Features

Charging adapter with 1x USB-C™ and 1x USB-A for full flexibility on the go and on holiday: ideal for USB devices such as laptops, smartphones, tablets, power banks, cameras, smartwatches or e-readers

Multifunctional power: The adapter enables high-speed charging at up to 45 W | 65 W via USB-C™ with Power Delivery as well as parallel charging of two USB devices

Compact universal travel adapter with socket input for electrical devices in Europe (Europlug type C), UK (type G), USA/Japan (type A) or Australia/China (type I)

On the output side, 4 sliding plugs fold out the appropriate mains plug for Europe (Europlug), UK, USA/Japan or Australia/China

Max. load: 2.5 A, input voltage: 100 - 250 V (AC), output depending on input voltage: 250 - 625 W

The European plug adapter has a replaceable fuse (type T 2.5 A) and is supplied with a charging cable (USB-C™ to USB-C™, 1.6 m)

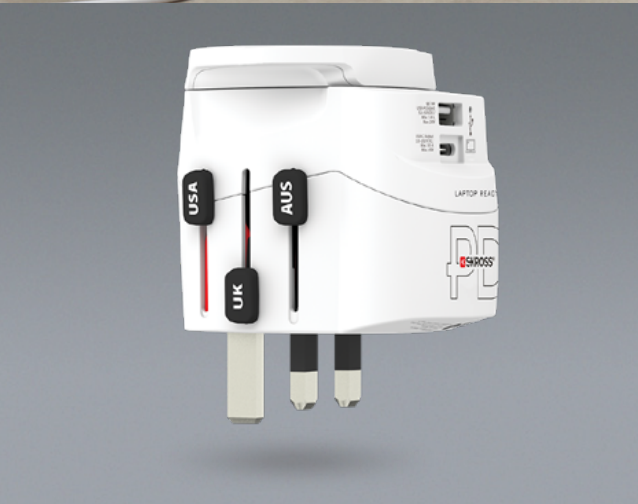

The travel plug does not convert the voltage from the local power grid and may only be connected to devices with a suitable input voltage

6LR61/6LP3146/9 V Block (PX1604) Battery, 10 pcs. in box

alkaline manganese battery, 9 V

Features

Procell 9 V batteries PX1604 are the official successors of the Duracell „Constant“ Series.

The 9 V batteries have a long service life and were specially designed for professional use.

Design, safety, production and acceptance follow the strict battery standards.

9 V batteries are suitable for torches, safety devices such as gas and smoke detectors.

Procell alkaline batteries 6LR61/6LP3146 are characterised by excellent corrosion resistance.

The 9 V battery guarantees reliable performance even after 7 years of storage.
